

## **The Role**

As a Senior Dynamics 365 Business Central Developer, you will provide objective advice, expertise and specialist skills in Microsoft Dynamics and deliver innovative solutions using cutting edge technology, for clients across a variety of industries.

## **Responsibilities**

- Work closely with clients to understand their business processes, requirements and key objectives
- Document detailed design and technical specifications to set the stage for solid delivery
- Design and develop business solutions within Dynamics Business Central
- Provide integration development to external systems and provide development support services for the systems we have deployed (AppSource)
- Adhere to the design and implementation of development best practices

## **Your Experience**

- Have expert knowledge ( 5 years+ ) in both Dynamics 365 Business Central and previous NAV releases
- Demonstrable experience leading consulting engagements with strong stakeholder management and customer-focused approach
- Full understanding of Dynamics 365 AL and C/side
- Experience with the Microsoft Cloud and Power Platform is desirable
- Knowledge of Azure development and services is desirable

You will be driven, flexible and client focused. You understand the importance of working with clients and the E Foqus team to deliver great solutions, and you know how to communicate.

You understand you are not done before both sides are happy, and you know when to be flexible and when to be firm.

## **Who we are**

E Foqus is a dedicated Business Central service provider – implementing, upgrading, partner take over + we develop apps to AppSource as well. We embrace flexible work settings, we encourage active participation – and we like having fun. The word trust

means something to us; its not just an empty phrase. Our clients are scattered across the entire globe, with the highest concentration in North America.

### **How we work**

E Foqus is located in British Columbia, Canada and our business hours are in the pacific time zone. We are a “working from home” company and as long as you can work in the pacific time zone you can be located anywhere.

### **How to apply**

If you are interested in joining us as a Senior Dynamics 365 Business Central Developer, send your resume to [info@efoqus.ca](mailto:info@efoqus.ca). We are looking forward to hearing from you!
